WASHINGTON DC

Extraordinary Places. The redevelopment of The Shops at Penn Branch represents another opportunity by Jair Lynch Real Estate Partners to transform a long-standing community retail center into a newly-designed, vibrant mix of retail, office and residential. Situated adjacent to the affluent Hillcrest and Penn-Branch neighborhood, this exciting new project is well-located and highly visible along the heavily-traveled Pennsylvania Avenue corridor. The Hillcrest and Penn-Branch submarkets offers high incomes and direct access to more than 122,000 D.C. residents. Additional attributes of this transformational redevelopment include:

- Substantially under-served submarket for grocery, lifestyle and service uses
- Located on major vehicular commuting artery serving Washington, D.C. suburbs
- In very close proximity to all of the major D.C.-based employment hubs
- Serving a well-established, suburban neighborhood
- Exceptional visibility from Pennsylvania Avenue in both directions
