BUILT-IN RESIDENTIAL CORE ON H STREET

Recent development projects have transitioned the H Street Corridor into a desirable residential district populated with highly educated, young professionals primarily within the age range of the millennials. Avec is centrally located on this mile-and-a-half corridor where about 60% of housing units are renter-occupied, compared with about 36% metro wide. The influx of new residents has kept vacancy rates low, in the 3% range, and propelled rent growth that ranks in the tops 10% of DC submarkets*. With a 34% forecasted inventory growth adding density to the 6,500 existing households, retailers will benefit from this built-in residential core that desires walkable goods and services.

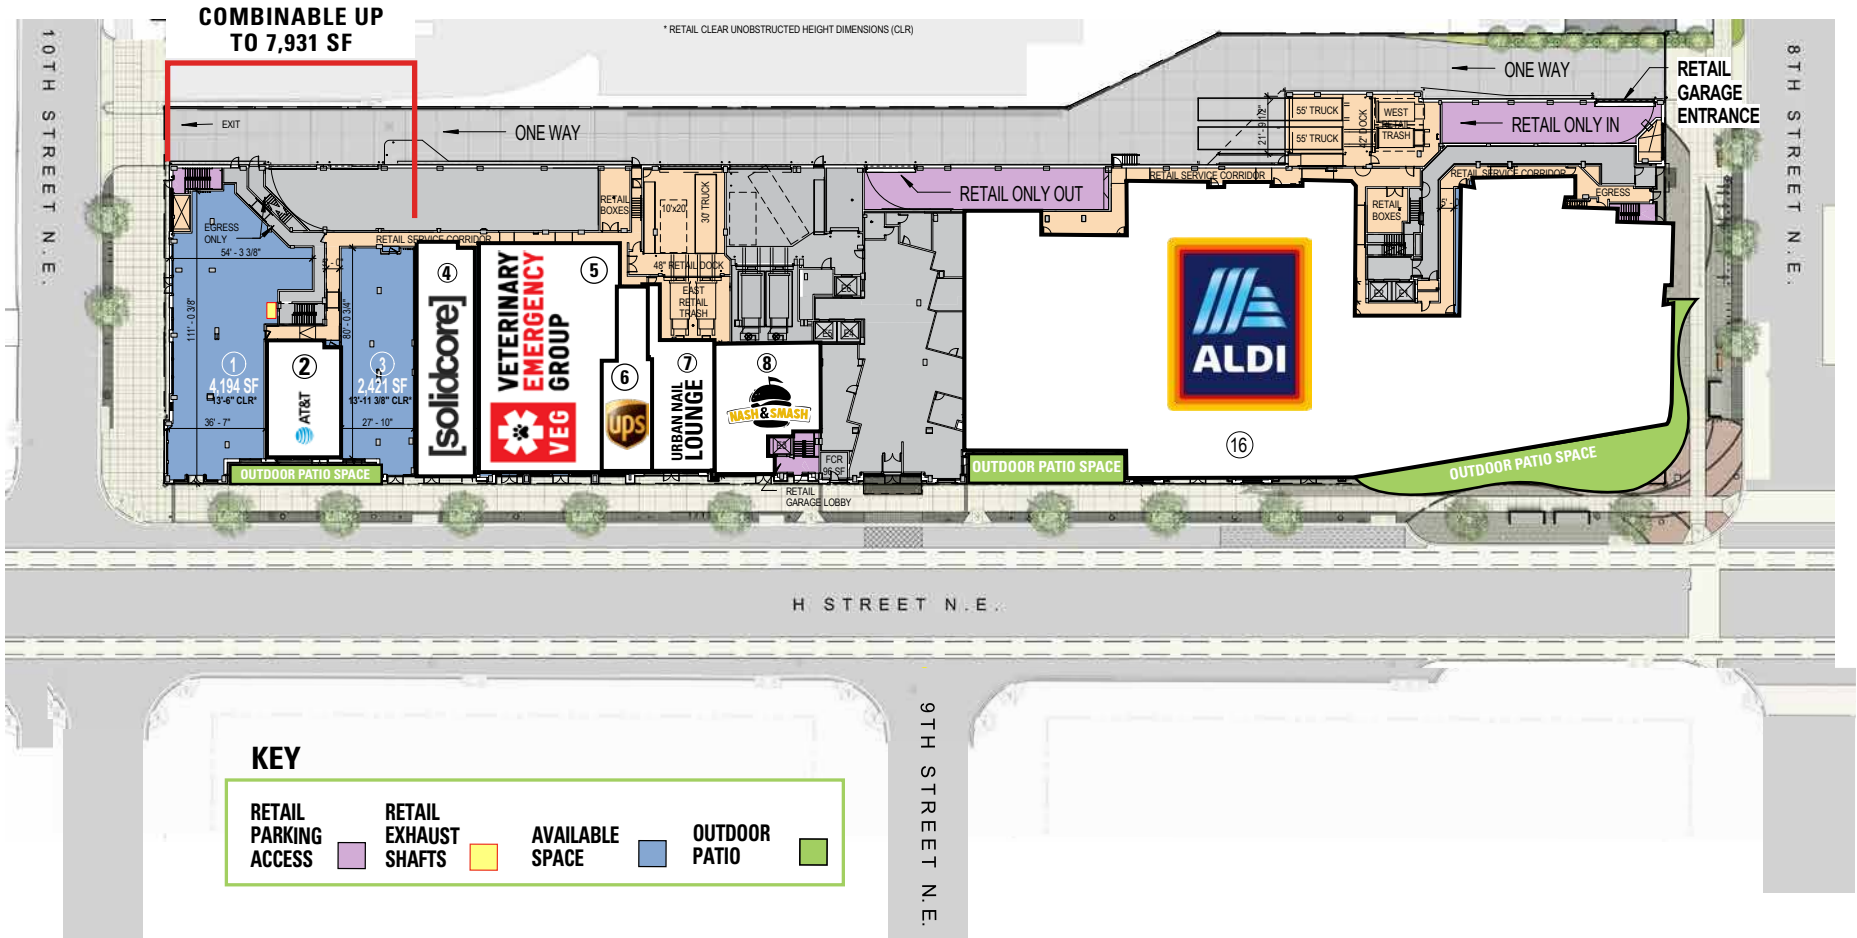

*Source: CoStar

BOOMING RESIDENTIAL GROWTH

The newly delivered unit average occupancy of **92.7%** complements the density of the existing **6,500** households in the H street corridor.

LAPTOPS AND LATTES

TRENDSETTERS

WHO WE ARE

Laptops and Lattes residents are predominantly single, well-educated professionals in business, finance, legal, computer, and entertainment occupations. They are affluent and partial to city living—and its amenities. Neighborhoods are densely populated, primarily located in the cities of large metropolitan areas. Many residents walk, bike, or use public transportation to get to work while many work from home.

Residents are more interested in the stock market than the housing market. *Laptops and Lattes* residents are cosmopolitan and connected—technologically savvy consumers. They are active and health conscious, and care about the environment.

WHO WE ARE

Armed with the motto “you’re only young once,” *Trendsetters* residents live life to its full potential. These educated young singles aren’t ready to settle down; they do not own homes or vehicles and choose to spend their disposable income on upscale city living and entertainment. Dressed head to toe in the most current fashions, their weeknights and weekends are filled discovering local art and culture, dining out, or exploring new hobbies. Their vacations are often spontaneous, packed with new experiences and chronicled on their Facebook pages.

IN D.C. YOU FEEL THE **POWER** ... ON H STREET YOU FEEL THE **VIBE**

Millennials and artists flock to this vibrant social scene with many restaurants, retailers and performance venues including Whole Foods, We Work Labs, Atlas Performing Arts Center, Rock & Roll Hotel and Maketto and The Argonaut. Avec answers the demand for authentic experiences in residential living, shopping and entertainment.

More than an address, **H STREET** is a moment, a mood, a memory, a mystery. It's all of that—in truth, **H STREET** cannot be described or defined; it must be **EXPERIENCED**. There's cuisine to be tasted. Fashions to be acquired. Performances to applaud. Streetcars to ride. Above all, there are **CONNECTIONS** to be made.
