Located in Fredericksburg, Virginia, Central Park is a 2.5 million-square-foot power center, featuring some of the nation's most prominent retailers, a wide variety of restaurants and services, as well as hotel, office and entertainment uses. Celebrate Virginia, an extension of Central Park, is a mixed-use development spanning 2,400 acres that includes Wegman's, 3 million square feet of potential office space, three hotels, a conference center, 1,200 residential units and more.
